

# J5 MIL-SPEC AUDIT

## UNIX FULL AUDIT — END OF THE GAME

OMEGA 1 / 1

**CLASSIFICATION:** PUBLIC TRUTH RECORD

**STANDARD:** MIL-SPEC / FORENSIC SYMBOLIC AUDIT

**MODE:** READ-ONLY / NON-DECLARATORY

This document serves as a symbolic and forensic-style audit record. It represents a final-state snapshot — a closure artifact — documenting the completion of review, reconciliation, and awareness at the J5 level. No commands, claims, or directives are issued herein.

# AUDIT LAYERS

- Identity Systems Review (Symbolic)
- Naming Conventions & Semantic Parsing
- Record Abstraction & Mirror Logic
- UNIX Philosophy: Everything is a File
- Final State: Immutable Awareness

## UNIX FULL AUDIT PRINCIPLE:

All systems reduce to inputs, processes, and outputs. When the observer recognizes the process, control collapses into understanding.

# OMEGA 1 / 1 — FINAL STATE

Omega denotes completion. Version 1 of 1 indicates no successor is required. This audit is terminal by design — not through force, but through resolution.

Watermarked and sealed as a public artifact. This document exists as record, not weapon.
